

# THE STRIVE WEEKENDER 2021

From 9th-11th July 2021, a team of strivers will walk the Race to the Stones: a 62-mile trail across the Ridgeway - Britain's oldest path - finishing at the iconic Avebury Stone Circle; one of the greatest marvels of prehistoric England.

Connect with strivers, and push yourself outside your comfort zone whilst raising funds and awareness for Big Change.

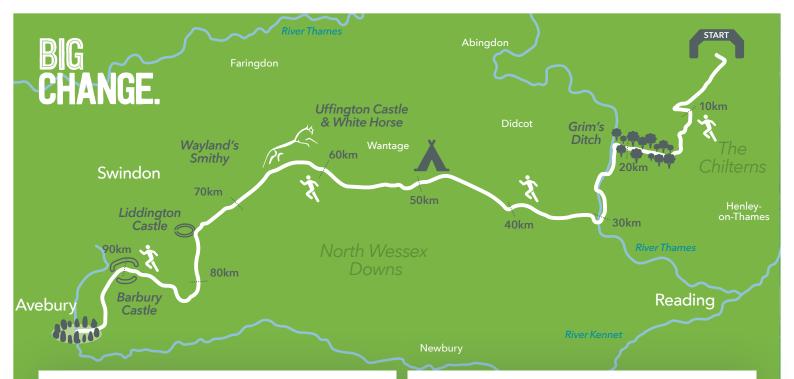

We want to you to join **Team STRIVE!** 

# WHAT IS STRIVE?

Since 2014 we have been striving for change by assembling groups of extraordinary people to challenge themselves, fundraise for Big Change and have the experience of a lifetime! STRIVE is a philosophy - that growth happens when you push yourself outside your comfort zone, and the magic happens when you do it with others.

# WHAT IS BIG CHANGE?

Big Change is on a mission to support the next generation to thrive in life. We do this by partnering with pioneering projects tackling the root causes of problems faced by young people. Big Change funds projects at a very early stage, when no one else will. We leverage this support by providing a programme of nonfinancial support over three years – allowing them to learn, grow, and prove their model to create long-term positive change at scale.

## THE ROUTE

Recognised as the oldest path in Britain, the route takes you on a journey along the iconic Ridgeway. Stretching back through the generations for 5,000 years, this route is bursting with history at every twist and turn. Although this is a "weekender", the same STRIVE rules apply: this is a challenge for all, inclusive of all ages, experience and fitness levels. Together we will STRIVE for Big Change - pushing ourselves, inspiring each other, and creating memories to last a lifetime.

## WHAT'S INCLUDED?

Organised by our trusted partner Threshold Sports, and voted the UK's Best Endurance Event 2018, every detail will be covered - from training plans, trail timing, fully stocked pit stops to medical support. And that's not even mentioning the overnight festival-style camp.

Whilst we will be taking on this challenge alongside 2,000 other participants, we will do so in true STRIVE style; offering the following bespoke package for Team STRIVE members.
